Main Facilitator for this Workshop: Fr. Michael Lapsley

Fr. Michael Lapsley, is an Anglican missionary priest who was active in the anti-apartheid movement in South Africa. In 1990, after being ejected from South Africa, he suffered the loss of his hands and the sight in one eye from a letter bomb that was sent to him in Zimbabwe by a supporter of the pro-apartheid government in South Africa. After a long recovery from the bombing, Father Lapsley decided to dedicate his life to helping victims of emotional, psychological and spiritual wounds inflicted by war, human rights abuses and other traumatic circumstances. He founded the Institute for Healing Memories in South Africa in 1998, whose mission is to facilitate the healing process of individuals, communities and nations.
